

C-Light 1000

Article Number: 3608

Traditional tungsten lighting // and making the most of light modifiers: no longer a contradiction with the C-Light 1000!

The established Hensel EH mount is the interface to the versatile Hensel studio flash modifiers. Reflectors from 7" to 22", barn doors, screens and softboxes etc. provide countless options when exploring new territory.

Motion blur effects, creative mixed light combinations - the C-Light 1000 helps you think outside the box. Turntable + video camera + Hensel C-Light equals a perfect combination for product advertising, even giving a chance to look behind the scenes. The fan can be switched off to eliminate noise where film is being recorded with sound.

The Hensel C-Light is equipped with:

- Up to 1000 W halogen light
- Multivoltage 90 V to 260 V power supply
- Fan cooling
- On/off switch for light
- On/off switch for fan
- Reflector quick-change system
- Glass protective dome
- Integrated umbrella holder with quick fastening protective cap
- Tilter with tripod mount optional accessories

Data sheet

Aperture at 2m, 100 ASA,

t = 1 s; 12" light former: 45 7/10

Maximum power: 1000 W

Cooling fan: Yes

Mount: 10 cm / EH

Voltage: Multivoltage from 90 up to 260 V / 50-60 Hz, conneted to mains

Protection glass: Yes

Color temperature : 3200 Kelvin

Weight in kg: 1,4 kg

Size in cm (L x B x H): 21,6 x 12,2 x 22,3

Technical data are subject to change. The listed values are guide values and should not be understood as binding in a legal sense. The values can differ due to tolerances in used components. Values attained at 230 V / 50 Hz voltage. Date of revision: August 2011
