

Colorama Range

Colorama background paper

Colorama background papers offer the widest choice of colours and sizes available.

Choose now from 55 colours, from vibrant blues, yellows, greens and reds, to soft pastels and subtle greys and browns, and of course whites and blacks.

Digital and video photographers can select special papers for blue and green screen applications as well as where an 18% grey background is required.

Paper is a natural product and is affected by ambient conditions. We recommend that paper rolls are stored upright in a dry environment.

We strive to continually develop our products. As part of the development of our product ranges we may add or discontinue colours from the range shown on this shade card.

Colorama coloured papers are made from 90% recycled paper products. All other raw material is sourced from managed renewable sources.

2.72 x 11 metres (9ft x 36ft) and 1.35 x 11 metres (53" x 36ft)

3.55 x 30 metres (107" x 82ft)
 Available in standard 6.45cm (2 1/2") core or 5.4cm (2 1/8") core

Colours for guidance only. For exact colour match please request a swatch card.

† Chromablue and Chromagreen (2.72m width) and Green Screen (3.55m width) are special shades in the Colorama range, manufactured to achieve a colour as close as possible to Chromakey colours, within the limitations of paper manufacture. They should therefore not be regarded as exact matches of Chromakey colours.

†† Granite is suitable for use when 18% grey is required.

* Colours available in 2.72 x 25m (107" x 82ft).

Although every effort is made to ensure consistency of product, the paper production process may cause slight variations in colour. The texture and lighting of the surface can influence the final appearance of the colour.

The core size on 2.72m (9ft) and 1.35m (53") wide rolls is 5.4cm (21/8").
